Carto Semiotic Art Creation and Storytelling

We present a new lens into Circle of All Nations nature-based teachings, introducing carto-semiotic storytelling using photos and art creation.

Here we take photo observations of nature and explore meaning-making and storytelling through deep reflection and art creation.

SOMETHING IS
SHIFTING ...

rites of passage -
from esterus (in
heat) comes mating
and then ovulation

SEXUAL ENERGY IN THE AIR -
WHILE ALERT TO THEIR SISTER'S
IMPENDING DEPARTURE, THE
YOUNG BROTHERS ENGAGE IN
SAME SEX MOUNTING TO REDUCE
TENSION, TO AFFIRM HIERARCHY,
AND STRENGTHEN THEIR
COALITION AND SOCIAL BONDS

A DAWNING
REALIZATION
THAT THE
FAMILY UNIT IS
CHANGING

DO I HAVE TO
GO??

INCREDIBLE HOW NATURE
CONSPIRES TO ACCENTUATE THE
NEED TO CROSS THE WATERS

HEADING OFF

... THIS IS HARD ...

BUT IT HAS TO BE SO ...
NOTING THE RESOLUTION
IN THE STRIDE

A FINAL FAREWELL - THE JOURNEY CALLS

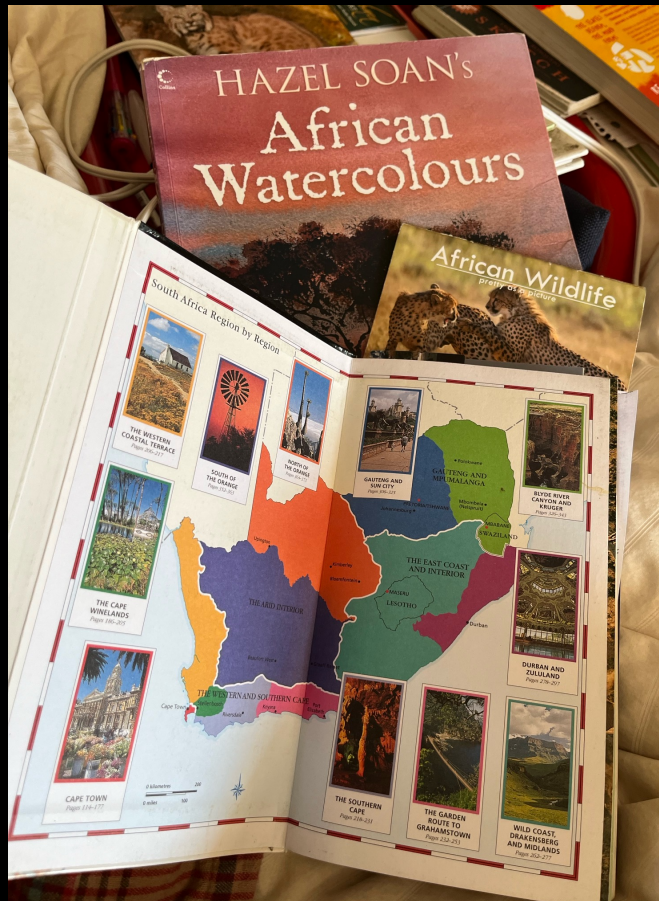

LIONS ARE THE ONLY
TRUE SOCIAL BIG
CATS - THEY LIVE IN
PRIDES

WHAT A POIGNANT
MOMENT TO HAVE SHARED
WITH THESE LION
SIBLINGS - SHE MATED
THE NEXT MORNING AND
NEW LIFE ARRIVED
